

## **Paul Lauter 'Sixties Archive**

Prepared by Lisa Lew

Professor Paul Lauter donated his collection of papers to the Watkinson Library (special collections) at Trinity College, Hartford CT in 2014. The Paul Lauter 'Sixties Archive—with materials about the social, political, and cultural movements of the era will be available to scholars and activists. The Archive contains correspondence, pamphlets, newspapers, books, and flyers from organizations like Students for a Democratic Society (SDS), New University Conference (NUC), American Friends Service Committee, U.S. Servicemen's Fund, and the Feminist Press. Lauter, who was active in all of those organizations, also collected materials on the anti-Vietnam-war movement, including draft resistance and GI peace activity, the feminist, civil rights, and LGBT movements of the time, and student activism more generally. There are fourteen boxes, one half Hollinger box and miscellaneous materials mostly dating from the 1960s to the early 1970s.
